Oil and Gas Lease

RECEIVED OCT 11 1981

AGREEMENT, made and entered into this 29th day of October, A. D. 19 81,
by and between Homer E. Benson and JoAnne V. Benson, husband and wife,
2321 Engelwood Drive
Pittsburgh, PA 15241

_____ party of the first part, hereinafter called Lessor (whether one or more),
and Penn-Ohio Energy Corporation, New Philadelphia, Ohio - party of the second part, hereinafter called Lessee.

1. WITNESSETH, that the Lessor in consideration of the sum of One Dollar and other good and valuable considerations, receipt of which is hereby acknowledged, and the covenants and agreements hereinafter contained, does hereby demise, grant, and lease, exclusively to the Lessee, all of the oil and gas, and all of the constituents of either, in and under the land hereinafter described, together with the exclusive right to enter thereon at all times, to drill for, remove, produce, and market oil and gas and their constituents; lay pipelines to transport and carry oil and gas in which Lessee or its assigns own an interest therein, from or through said land or lands adjacent thereto; erect tanks, machinery, build roads and to possess, use, and occupy so much of said premises as is necessary and convenient for said purposes and to convey the above-named products therefrom or thereto by pipelines or otherwise; said land being situated in _____

Claridon Township, _____ County of Geauga, State of Ohio, and described as follows, to-wit:

Bounded on the NORTH by lands of I. Young

EAST by lands of R & A Randles

SOUTH by lands of L. Hess

WEST by lands of C. Rohrer

containing thirty (30) acres, more or less, and being the same land conveyed to Lessor by _____

by deed dated _____ and _____

recorded in said county records in _____ Book No. _____ Page _____

It being the intention, however, of Lessor to include within the terms of this lease not only the above-described land, but also any and all other land owned or claimed by Lessor in said section or sections in which the above-described land is situated, or in adjoining sections and adjoining the above-described lands.

Lessor shall receive 250,000 cu. ft. of free gas per year per well, to be taken into his dwelling at his own risk and expense. Lessor and Lessee shall mutually agree, within reason, on all well sites, access roads, tank batteries & said pipeline. Lessee cannot guarantee the quality or quantity of said free gas.

2. It is agreed that this lease shall remain in force for a primary term of three (3) years from this date and as long thereafter as operations for oil and/or gas are being conducted on the premises, or oil and/or gas is found in paying quantities thereon.

3. The Lessee shall deliver to the credit of the Lessor free of cost, in the pipeline to which he may connect his wells, the equal of one-eighth (1/8) part of all oil produced and saved from the Leased premises, less applicable taxes and governmental fees, and shall pay Lessor one-eighth (1/8) part for all gas and casing head gas produced and sold from the premises, less applicable taxes and governmental fees, payable monthly; provided, Lessee shall pay Lessor a royalty at the rate of Fifty Dollars per year on each gas well while, through lack of market, gas therefrom is not sold or used off the premises, and while said royalty is so paid said well shall be held to be a paying well under paragraph 2 hereof.

4. The Lessee shall commence operations for a well on the premises on or before October 15, 1982, unless Lessee pays thereafter a rental of \$4.00 per acre for each 12 months that operations are delayed from the time above mentioned. The consideration first recited herein, the down payment, shall cover not only the privilege granted to the date when first said rental is payable as aforesaid, but also the Lessee's option of extending that period as aforesaid, and any and all other rights conferred. The drilling of a non-productive well shall be accepted by the Lessor in lieu of delay rental for a period of one year after its completion, and following the exhaustion or abandonment of all wells the Lessee shall have the right for a period of one year to resume the payment of delay rental or commence operations for another well. Upon the resumption of payment of rentals the provisions hereof governing such payment and the effort thereof shall continue in force as though they had not been interrupted.

5. All moneys coming due hereunder shall be paid or tendered to Homer E. and JoAnne V. Benson direct, or by check payable to his (or her) order mailed to 2321 Engelwood Dr., Pittsburgh, PA 15241 and no default shall be declared against the Lessee by the Lessor for failure of the Lessee to make any payment or perform any conditions provided for herein unless the Lessee shall refuse or neglect to pay or perform the same for ten days after having received written notice by registered mail from the Lessor of his intention to declare such default.

6. Lessor further grants to the Lessee, his heirs and assigns, the right to utilize this lease with other leases to form a drilling unit or units according to the rules and regulations which may be adopted for the proper development and conservation of the field. In the event this lease is so unitized, the Lessor agrees to accept, in lieu of the royalty hereinbefore recited, such proportion of the royalty above provided, as the acreage covered by this lease bears to the total acreage comprising the unit.

7. If said Lessor owns a less interest in the above-described land than the undivided fee simple estate therein, then the royalties and rentals herein provided shall be paid the Lessor only in the proportion which his interest bears to the whole and undivided fee.

8. No well may be drilled nearer than 200 feet to the house or barn now on said premises without the written consent of Lessor. Lessee shall have and enjoy all rights and privileges necessary and convenient for the proper use and development of this lease, and shall have the right to use, free of cost, gas or oil produced on said land for its operations thereon, except water from wells of Lessor. Lessee shall also have the right at any time during or 120 days after the expiration of this lease to remove all or any part of the machinery, fixtures or structures placed on said premises, including the right to draw and remove casing. Lessee shall pay for damages caused by its operations to growing crops on said lands, and, excepting this item, total land damage payments for premises affected during operations related to drilling of said well or wells or installation of pipelines necessary to market products therefrom, shall not exceed \$500.00 per well location; and when requested by Lessor, shall bury its pipelines below plow depth.

9. The interest or estate of either party hereto may be assigned, the privilege of assigning in whole or in part being expressly allowed. In event this lease shall be assigned as to any part or parts of the above-described land and the assignee or assignees of such part or parts shall fail or make default in the payment of the proportionate part of the rents due from him or them, such default shall not operate to defeat or affect this lease insofar as it covers a part or parts of said land upon which the said Lessee or any assignee thereof shall make due payment of said rental. No change of ownership in the land or in the rentals or royalties shall be binding on the Lessee until after notice to the Lessee and Lessee has been furnished with a written transfer or assignment or a certified copy thereof.

10. At any time, Lessee, its successors or assigns, shall have the right to surrender this lease or any part thereof for cancellation, after which all payments and liabilities hereunder thereafter shall cease and determine, and if the whole is surrendered, then this lease shall become absolutely null and void. This surrender may be made to the Lessor, or if more than one Lessor, then to any one of them, or to the heirs or assigns of any one of them by delivery of a duly executed surrender thereof in person or by mail addressed to the post office address of such person, or by recording a duly executed surrender thereof in the Recorder's office of the County in which the land is located.

11. Lessor hereby warrants and agrees to defend the title to the land herein described and agrees that the Lessee at its option may pay, discharge or redeem any taxes, mortgages, or other liens existing, levied, or assessed on or against the above-described lands, and in the event it exercises such option, it shall be subrogated to the rights of any holder or holders thereof and may reimburse itself by applying any royalty or rentals accruing hereunder to the discharge of any such taxes, mortgages or other liens.

12. It is expressly agreed that if the Lessee shall commence drilling operations at any time while this lease is in force, it shall remain in force and its terms continue so long as such operations are prosecuted, and if production results therefrom, then as long as production continues. If after the expiration of the term of this lease, production from the leased premises shall cease from any cause, this lease shall not terminate provided Lessee resumes operations within sixty days from such cessation, and this lease shall remain in force during the prosecution of such operations, and, if production results therefrom, then as long as oil and/or gas is produced in paying quantities.
